## 1. Santa Claus

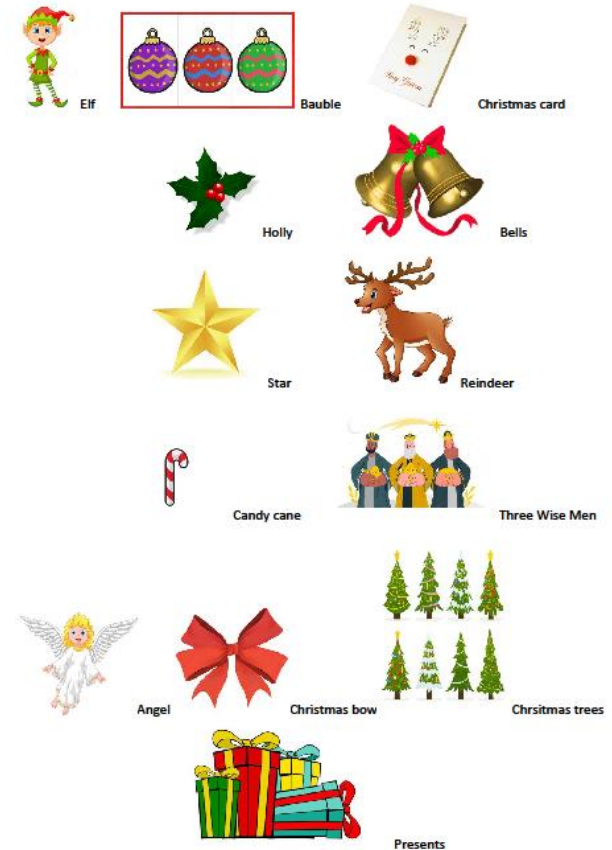

We all recognise him, because of his long, white beard and red costume. He visits our houses only one night a year. His another feature is a big stomach because of which he sometimes has problems and stuck in chimneys. When we say „Santa Claus” we all see a kind, gentle old man, who lives at the North Pole and travels with help of raindeers and has several elves as helpers. His life mission is to give presents to kids who were good and nice for the whole previous year.

But did you know that the original Santa Claus, Saint Nicolas was born in 4th Century in Turkey. He became widely known for his generosity for the poor. He was prisoned and tortured by Romans, but when Constantin became emperor at Rome, he allowed him to go free. The Santa Claus who we know nowadays is connected with a dutch legend of Saint Nikolaus. The image of a modern Santa Claus, so a jolly fat man in red suit was created by Clement C. Moore in 1822.
